Synopsis of the course for the school website

## **Why study Health and Social Care?**

Health and Social Care is a reality based and lifestyle subject, it focuses on understanding the needs of individuals at each life stage. It provides students' with the knowledge that they need to work in the Health, Social or Care sectors. Students' may also wish to progress onto the Level 3 course which enables students' to attend work experience and start to make their ambitions a reality.

**What kind of work will be done?** Exam preparation would take the form of class activities and students' would need to produce various resources for their assignment tasks e.g. Posters, Leaflets, Case Studies, Essay's, PowerPoint Presentations etc...

## **Topics include:**

Unit One: Human Lifespan and Development

Unit Two: Health and Social Care Values

Unit Six: The Impact of Nutrition on Health and Wellbeing

Unit Eight: Individual Rights in Health and Social Care

## **How will the course be assessed?**

Unit One: Examination (Externally Moderated via Edexcel)

Units Two, Six and Eight: Coursework (Internally and Externally Moderated)

## **Any other relevant information:**

Visitors do come into the lessons and provide further knowledge about the topics. Students' have benefitted from this.

Changes proposed for 2017-2018 if known

The specification is due to change for September 2017, however, the current specification can be taught up and till December 2019 as the new one has not yet been approved by Ofqual as yet.

**Year 10 information** – Course title(s), GCSE/BTEC, Exam board, breakdown of assessment modules
